

## National Tree Day 2022 Competition

Dear Parent/Guardians,

This letter has been sent to inform you of an opportunity for your child to take part in.

'National Tree Day' is observed across Australian schools on Friday 29 July before taking place across the Australian community on Sunday 31 July. This will be the third year Majura Primary School has taken part in a variety of ways.

Trees are an integral part of our environment in a myriad of ways providing us with oxygen, shade, shelter and resources we use in our day to day life such as paper. They are also home to many species of wildlife and are a treasured part of child backyard adventures.

The information attached provides some information regarding this school wide competition to celebrate the beauty and importance of trees. This competition is to be undertaken and completed at home. Your child will have the opportunity to complete an entry in one of several categories of photography, sculptures, writing, paintings, collages and drawings.

We hope your child will consider taking part.

Kind Regards,

Mel Chiles, Kathryn Shaw, Jess Will and Philippa Lawrence
