

WELCOME TO THE KINDERGARTEN FLOCK

Welcome back to term two! We hope you had a restful break. We are looking forward to a term full of fun and many new learning experiences.

KINDERGARTEN TEACHERS

Deborah- Mulgu Mrs. Worland- Guma
Neelam- Girra-Girra Miss. P- Bunda

ENGLISH

The English program includes reading sessions in the morning. Parent helpers enable reading groups to run more efficiently and ensure every group has adult support. Please see your child’s teacher if you are able to help. We will continue to practise, revise letter sounds and extend students learning through letter patterns and rhyming words. During writing, we will focus on forming letters correctly and using finger spaces between each word. All students are encouraged to present a news item each week. Home reading will continue to develop students’ reading skills. Ask your child about the main idea of the story and help them to make connections between the book and real-life experiences.

SPECIALIST PROGRAMS

Music:

In Music, Kindergarten will perform a repertoire of simple songs and rhymes. They will practise the concept of beat and learn the concept of rhythm.

Drama:

Kindergarten students will make and present drama by exploring a story book about journeys and bringing it to life using character and situation. Students will describe what happens in drama they make, perform and view.

INQUIRY

This term our unit is called ‘Weather’. This will involve learning about daily and seasonal changes in the weather and the impact they have on people, animals and plants. We will be attending an **excursion to the Arboretum** to learn about the effect of the weather on the trees at the Arboretum.

MATHEMATICS

In Mathematics this term we will be focusing on:

- whole number
- understanding simple addition and subtraction
- making equal groups of objects and sharing
- collecting data and making pictorial graphs
- patterns
- time (the order and duration of events)
- positional language
- length

HEALTH & PE

Students will continue to participate in a range of gross motor activities which help to build their fundamental movement skills. The activities will help to build on the students throwing, catching, balancing, jumping and hopping.
