

World Environment Day Poster Competition

Dear Parents/Guardians,

On Friday 3 June Majura Primary School marked 'World Environment Day' which officially fell on Sunday 5 June.

This day was created by the United Nations fifty years ago with the first World Environment Day held in 1974 to the theme 'Only One Earth'. Coincidentally 2022's theme was again "Only One Earth" which reminds us of the importance of looking after this one planet we live on.

We have held in the past a school wide poster competition for students to take part in and we would like to again offer this opportunity. This year the poster will be once again in the form of a T-shirt and students will need to create a design for the T-shirt that reflects the 2022 World Environment Day theme and incorporate the words 'Only One Earth' into the design. The template for the T-shirt is attached.

Students will need to complete their entry at home and bring it in for judging. There will be an entry box in the school's front foyer. **The competition will close Friday 22nd July.** With the upcoming school holidays this may be a great opportunity for your child to demonstrate their flair with art and design using sustainability as the theme.

Prizes will be awarded for the most creative design that reflects the 2022 theme in the following year levels: K-2, Years 3-4, and Years 5-6 and entries will be judged by members of our school executive.

Kind regards,

Majura Sustainability Teaching Team
