

## Term 1 Family QIP Sessions

Parents and Carers are invited to the following QIP feedback sessions:

**When:** Wednesday Week 10 (3 April) and Wednesday Week 11 (10 April)

**Time:** 2:30pm-3:00pm

**Where:** Watson Preschool Deck

**Why:** Our Quality Improvement Plan (QIP) helps build a strategy for our service to make positive changes across the seven quality areas of our National Quality Standards (NQS). Each term we look to gather parent feedback on a different area of the QIP.

**Our Focus:** This term we are looking for feedback about our preschool philosophy. The philosophy was last updated in 2015 and is shown below.

### Our Philosophy (2015):

Respect:

We provide a nurturing and inclusive environment aimed at building **respectful** relationships with the children, their families and our school community.

Excellence:

We strive for **excellence** by providing challenging and engaging play based experiences, which develop the children's interests and capabilities

Responsibility:

We develop **responsibility** by encouraging a strong sense of belonging, independence and ownership.

We will be seeking your input using the following guiding questions:

\*What do you value about Preschool or Preschool education?

\*Why do you send your child to Preschool?

\*What do you want to see in a preschool program?

\*How can Preschool incorporate family and community input?

\*Why does your child enjoy coming to Preschool?

If you are unable to join us but would like to provide some feedback please email Roz Mitchell:
